

Character Competition – Winners!

Many thanks to all of the young learners who took part in our Character competition:

We were overwhelmed with the number of entries and the high level of creativity in the characters you designed.

Due to this, we have selected nine initial winners, all of which will be used as inspiration for characters in our forthcoming exam preparation series. A panel of young learners helped us in our shortlisting of favourites.

We will also be choosing further characters, and we will notify winners of this once we have made our final selection.

Each winner will receive a framed copy of their own character design, next to the final illustrator's version which will be used in our materials.

Here are the nine initial winners, each of which we're also contacting directly. We hope you'll agree that they are all appealing and inventive and will bring something fresh and new to the classroom:

CHARACTER

Please draw a fantasy character.
It be any form or shape: person, monster, animal or a bit of everything :)

CHARACTER

Please draw a fantasy character.
It be any form or shape: person, monster, animal or a bit of everything :)

CHARACTER

Please draw a fantasy character.
It be any form or shape: person, monster, animal or a bit of everything :)

CHARACTER

Please draw a fantasy character.
It be any form or shape: person, monster, animal or a bit of everything :)

CHARACTER

Please draw a fantasy character.
It be any form or shape: person, monster, animal or a bit of everything :)

CHARACTER

Please draw a fantasy character.
It be any form or shape: person, monster, animal or a bit of everything :)
